

WILL URGE LAW TO REACH OWNERS WHO DRIVE CARS

National Highways Association

Think They Should Have

Chaufeurs' License.

To obtain from the next Legislature the passage of a law requiring owners of automobiles who run their own machines to take out chauffeurs' licenses is a part of the campaign which the National Highways Association and kindred bodies will undertake during the ensuing year.

It is pointed out that while chauffeurs have to pass an examination before they are granted licenses owners of automo-

biles are entitled to run their cars even though they have no experience. Thus the public has no protection from incompetent owners.

The West End Association, which held its meeting at the St. Andrew Hotel last night, will aid the National Association in its fight.

Vice-President Coleman of the West End Association was expected to report on the proposed change in the Calais law governing smoke from automobiles, but he did not appear. At present there is conflict between the Calais law, which was accepted as a substitute for the bill presented by the Highways Association, and the city ordinance governing smoke. It is claimed that the Calais law provides punishment for drivers in case "dense" smoke issues from their car. The term "dense," it is claimed, is indefinite and is subject for legal argument, permitting offenders to escape. The West End Association will urge the passage of a law which will remedy this defect.

The following officers were elected for the ensuing year: President, James Van Drek Card; Vice-Presidents, Judson Lawson, John C. Coleman, A. Walker Otto; Treasurer, William H. Rockwood, and Secretary, George B. Sheppard.
